

## TOO HOT PROPER PLACE ITALIANS

Count Piola Caselli Confers  
With Memphians Regarding  
Selective Immigration

Investigations which will lead to the Italian government advising immigrants to the United States the best sections of the country to which to migrate, Count Piola Caselli, who is a general in the Italian army and who served four years at the front, will be here from Monday morning until Tuesday morning. He will then be on his way to New Orleans from which point he will continue his journey to the United States.

It is the plan of Count Caselli to report to his government the prospects of the country for immigrants who settle in the South as truck farmers and as share croppers on cotton plantations. The count Monday declared that he saw no reason why his countrymen should not find conditions most satisfactory in the South. He himself is an extensive owner of lands in Mississippi. One tract belonging to the count is 1,000 acres in Sharkey county, Miss.

### Foresees Order in Italy.

On leaving New Orleans he will visit Alabama, Georgia, Florida and the Carolinas. He declared that his investigations would consume at least two months.

Regarding the social conditions in Italy the count declared that within a very short while order would spring out of the nation which resulted immediately after the war. He declared, however, that right now conditions are far better in Italy than in any other European country. Count Caselli pointed out that there was no strike in Italy, that his country had no Soviet and that the young generation was looking on an most progressive.

Piura will be Italy's, he declared. Italy looks upon the count's visit as an most progressive. When the count arrived, much as the country looks upon Rome. The Adriatic is to Italy as the Gulf of Mexico is to the United States. The Mississippi is to Memphis as the great lake to certain cities in the North.

This is not the count's first visit here. Two years ago he came to Memphis. He was then a lieutenant attached to the Italian commission at the world's fair at Chicago. It was on this trip south that he met the Countess Caselli, a native of Vicksburg, Miss.

## Skipper Duels In Mystery's Hold On Breast Of Waters

Rising waters of the Mississippi river Sunday floated the Mystery which since Thursday had been resting in three feet of mud and water at the foot of Monroe avenue. Capt. Edward Miles, owner and builder, Monday was busy engaged in salvaging timber which formed the carriage on which the boat was moved down the wharf.

The Mystery will be tied up at the foot of Monroe avenue for several days. Whether or not Capt. Miles intends towing the craft to some dry dock for repair work is unknown. His wife and wife have taken up living quarters aboard.

### FIRE AT LEMASTER'S.

A defective gas heater in the bathroom at the home of E. B. Lemaster, former city commissioner and owner of the H. L. Gilson company, 1745 Union avenue, caused a blaze Sunday evening which did \$1,000 damage. When discovered the fire threatened to consume the entire house, but effective work of firemen kept it confined to the bathroom portion of the house in which it started.

## DOCTORS FIND REMEDY FOR COLDS AND FLU

Calotabs, the New Nauseless Calomel Tablets, Cut Short Colds and May Prevent Flu by Keeping Liver Active.

Physicians have learned from experience, during the epidemic of influenza, that one of the most important factors in the prevention of flu and pneumonia is to keep the liver active so that the digestive organs may be in perfect working order and the system thereby enabled to throw off colds, check sore throats, and resist serious complications. For this reason, they have found that the new nausealess calomel tablets called Calotabs are far more effective even than the old style calomel, which was formerly the universal favorite, as Calotabs do not weaken the patient or interfere with the appetite and digestion.

At the first sign of a cold or sore throat, doctors recommend one Calotab at bed time with a swallow of water—that's all. No salts, no nausea, no the slightest interference with your diet, pleasure or work. Your morning you wake up feeling fine, your liver is active, and your appetite is keen for a good breakfast.

For your protection Calotabs are sold only in original sealed packages, price five cents. All drugs and department stores and guarantee Calotabs. Your money back if you are not delighted with them.

After directing that the flour be shipped to a Mississippi address, the stranger disappeared. He was returned as a Mississippian.

Groceries, amount undetermined, were stolen early Sunday morning by thieves who broke into the Piggy Wiggy store at 300 South Main street and Walker avenue, according to a report to police.
